

EHS Policy

Senior Aerospace SSP is committed to high standards of environmental, health and safety performance. Senior's EHS Policy is implemented through a comprehensive EHS Management System. To minimize EHS impacts concerning our products, services and activities, we shall:

- Continually strive to meet and exceed strict safety, health and environmental performance objectives.
- Achieve continual improvement through setting objectives to address top significant aspects.
- Commit to fulfill compliance obligations and prevent pollution.
- Communicate EHS policy to employees, customers and community members.
